

GWQ SC - supporting the education of women and girls for 26 years

Guest Speaker - Dr Katie Seidler

PhD, MPsych (Clin), BA (Hons), MAPS

Clinical and Forensic Psychologist

Katie wanted to be a lawyer but kept missing out. She thought it would be useful to do Psychology with Law; and so, decided to commence in Psychology and come to Law later. But, as fate would have it, Katie fell in love with Psychology and could not get enough of it.

And 20 years of practice and 3 degrees later, she still loves it as much as ever. Katie is passionate about people and helping people; and finds people fascinating. She is also passionate about stopping abuse; but finds she works well with abusive men rather than directly with victims. As an avowed feminist, Katie believes people deserve to be treated equally. Her current research and clinical interests are in the area of terrorism, which is very much a natural extension of her PhD, which was in the area of culture and interpersonal violence.

Personally, Katie loves travel, reading and animals and wishes to be able to have more sleep and more down time! Katie spent a few years of secondary school here on the coast at Coolum State High School, before returning to Sydney for university studies.

The title of Katie's presentation:

“The Psychology of Violent Crime: Lessons from the Inside”

Funds raised from this breakfast are directed toward our bursary program for the education of women and girls, including undergraduates at USC, the STEMM program at Burnside (for young mothers returning to education) and refugee girls at Milpera SHS in Brisbane.

**Your support for this function is appreciated.
Donations welcomed.**

GWQ SC ... a dynamic organisation for women graduates on the Sunshine Coast

Affiliated with the Australian Federation of Graduate Women
